We are a manufacturer of door panels made of aluminium and PVC. For more than a decade, we have been supplying our customers with premium products that meet even the most demanding expectations.

At Dindecor, we believe that beauty is in the details. Every product that leaves our production line meets the highest aesthetic and functional standards.

With precision and attention to the smallest details, we create unique door panels that our customers love. Our products combine a passion for innovative solutions and the unique craftsmanship of handmade production.

At Dindecor's workshop, every detail matters. Discover the beauty of hand-crafted products that perfectly combine tradition with modernity, design with quality, and classic elegance with innovative form.

HAND CRAFTING

■ We create the door panels in our Polish factory. The processes are carried out with craftsman's precision, often by hand by qualified staff. Our production combines the latest technology with the care and passion of a manufactory. This allows us to approach each product individually, offering authenticity and precision at the highest level.

We are bringing the advantages of traditional handmade production into a world filled with mass production. We use the latest technology and extensive machinery to create products that stand out for their quality and attention to detail with the support of our experts. Our philosophy is based on the highest quality and an individual approach to each project, regardless of its scale. In this way, craftsmanship tradition and innovative technology form a harmonious whole, providing customers with solutions that meet their most sophisticated expectations.

NEW PRODUCTS

We have included more than 40 new panel models in the catalogue. An extensive Retro Line collection, new additions to the Stone Line, Ceramics Line, Lineo Line, Glass Line, Integro Line, and Premium Line. The new proposals combine the elegance of the classics with current trends. Each model is distinguished by its precision workmanship and the highest quality materials.

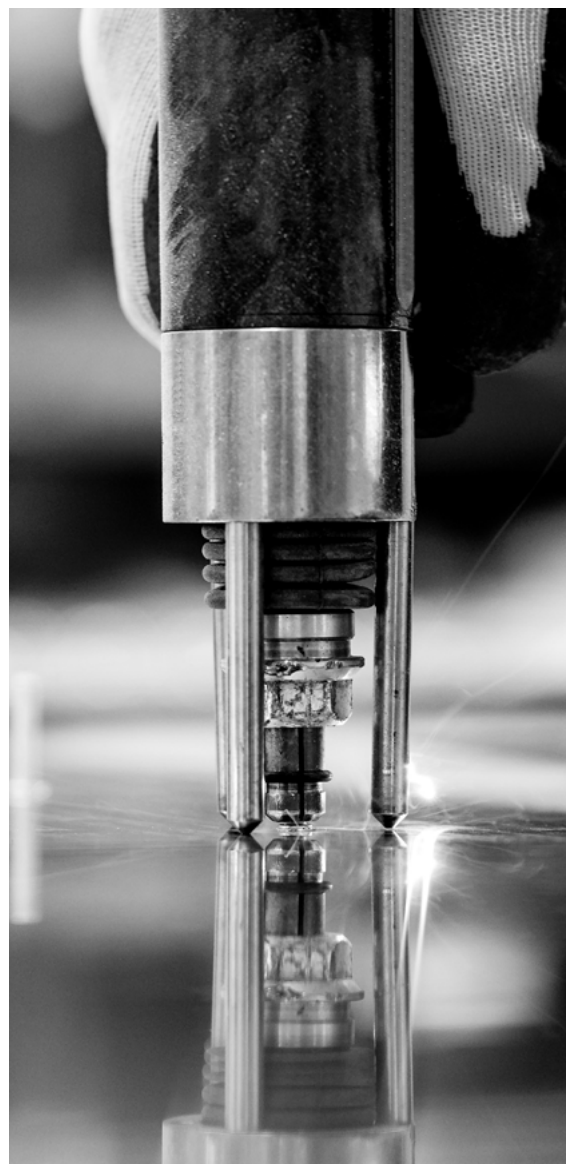

NEW SINTERS

We have added up to four new quartz sinter designs to our range. The Ceramics Line is a prestigious product line that allows both visual and functional requirements to be combined in a single product. With the new proposals, our collection becomes even more diverse, offering solutions that meet even the most demanding market expectations. These unusual materials are perfectly in line with the latest standards for design, but also for safety and durability.

CLICK ICON

Some of the products in the catalogue have been marked with a click icon. Click on the model's picture and get to know your chosen product better. Under the link, you can find pictures of details, other colour variants or videos introducing the model in question. This is a convenient solution that allows you to fully explore our products in a quick and intuitive way.

CHANGE IN THE PRODUCTS

Some of our products, although they have been in our collection for some time, have been given a new, updated look. Changed handles, application colours or the colours of the presented panel are our response to the changing trends. We are aware of the evolution in design and are constantly adapting our fillings to the latest customer expectations.

THE NEW INTEGRO SMART CATEGORY

An innovative solution that sheds new light on the function of the pull. It is no longer just an object, but an intelligent assistant. The advanced solution used, which is subject to patent protection, shows how this pull goes beyond the standard idea of its functionality. It is a modern tool that combines aesthetics, technology and convenience of use.

Quartz sinter

CORTEN

An intense, rust-colored sinter, conveying the character of oxidized steel.

GREY

A cool, dark grey sinter, with a subtle sheen and satin finish.

BETON

A non-uniform grey sinter, with a subtle sheen, evoking architectural concrete.

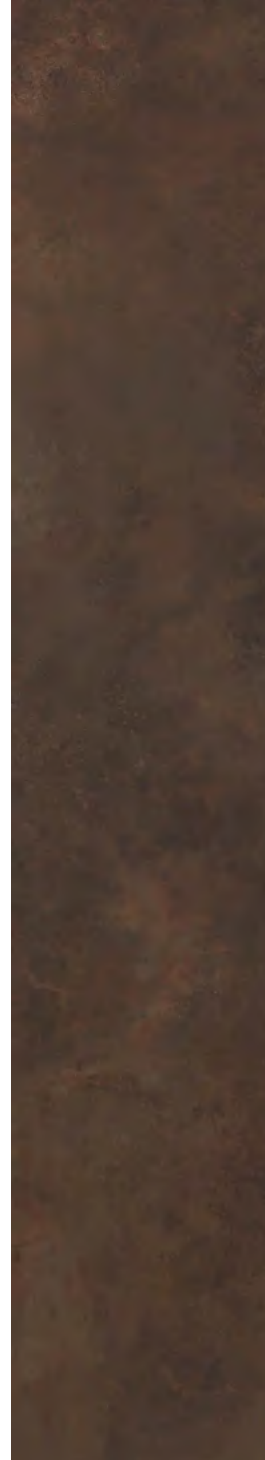

PIETRA

Dark grey sinter with fine white veining and a subtle silky sheen.

ABU DHABI

Luxurious, bright sinter with a subtle marble pattern, with a delicate luster and satin finish.

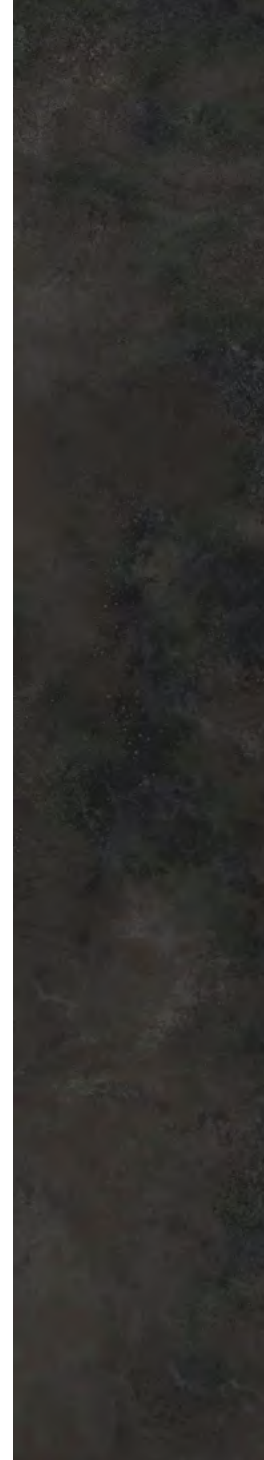

OSSIDO BRUNO

Matte sinter in deep brown tones, inspired by the natural oxidation processes of metals.

NERO NATURAL

A sinter in deep matte black with subtle grey tones and a unique texture.

OSSIDO NERO

Elegant, matt-finished sinter with a deep colour that goes from dark steel to black.

LAURENT

Elegant dark brown sinter with golden veins, inspired by Port Laurent's natural stone.

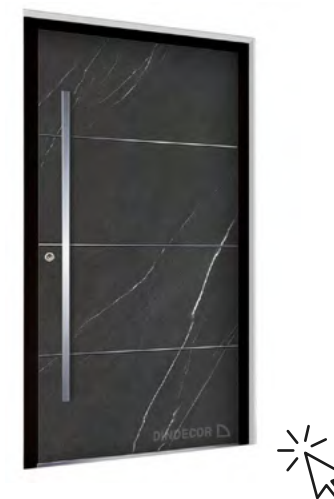

Natural Ceramics Line

The Ceramics Line is the answer to the growing demand for elegance and extraordinary quality. Each door panel in this collection is made of high-quality quartz sintering, which not only provides an aesthetically pleasing appearance but also high resistance to scratches and weather conditions. The Ceramics Line combines functionality with sophisticated design.

MODEL SK 01

- **Material:** Quartz sinter
- **Colour:** Corten
- **Applications:** 3D Black
- **Handle:** PW 22, black

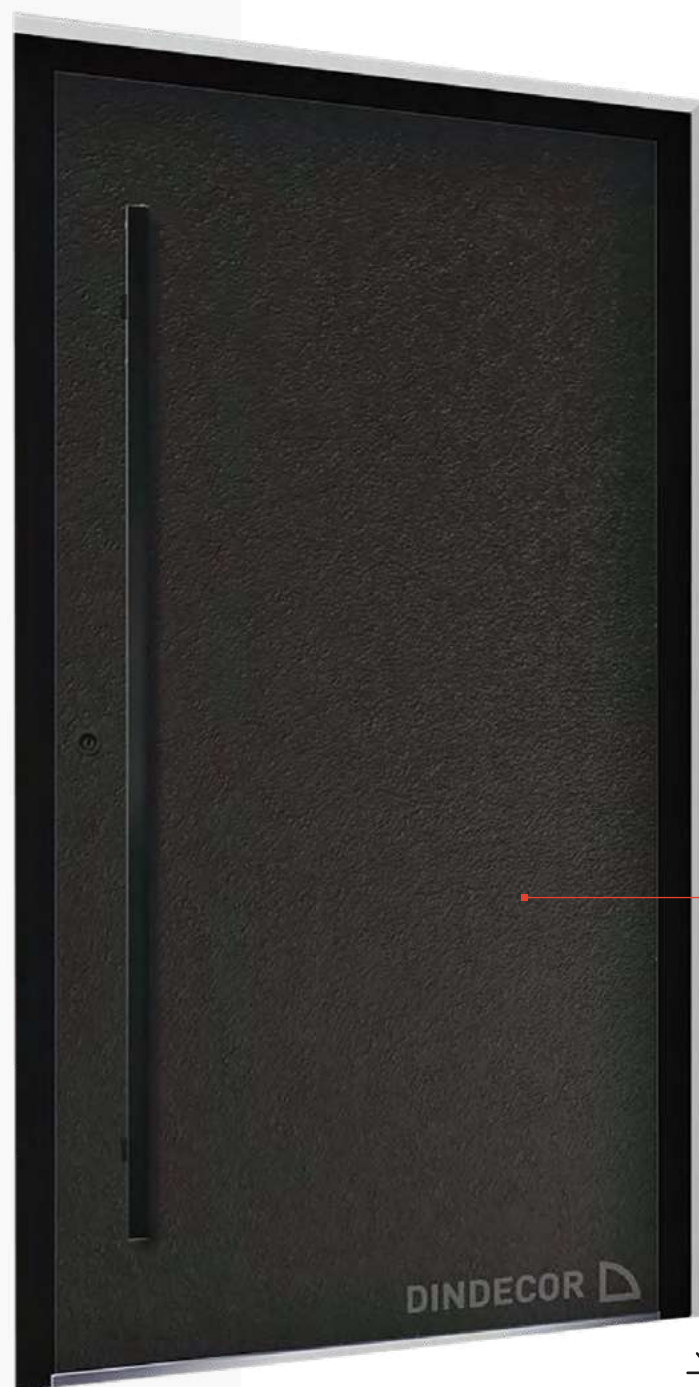

MODEL SK 03

- **Material:** Quartz sinter
- **Colour:** Pietra
- **Applications:** 3D Inox
- **Handle:** PQ 10, 40x20 mm, L-1400 mm, stainless steel

ABU DHABI	BETON	CORTEN
GREY	LAURENT	PIETRA
OSSIDO BRUNO	OSSIDO NERO	NERO NATURAL

- The colours and texture shown may differ from the finished product due to individual screen settings and assumed print parameters.

Nero Natural

MODEL SK 02

- **Material:** Quartz sinter
- **Colour:** Nero Natural
- **Handle:** PQ 10, 40x20 mm, L-1600 mm, black

Tiefes, mattes Schwarz mit dezenten Grautönen und einer ungewöhnlichen Textur, die durch ihre Eleganz besticht. Inspiriert von natürlichem Granit aus Simbabwe kombiniert Nero Natural Haltbarkeit mit luxuriösem Design.

MODEL SK 04

- **Material:** Quartz sinter
- **Colour:** Iron Grey
- **Glazing:** Sand-etched as shown in design
- **Applications:** 3D Black
- **Handle:** PQ 10, 40x20 mm, L-1600 mm, black

MODEL SK 05

- **Material:** Quartz sinter
- **Colour:** Beton
- **Glazing:** Satinovo
- **Applications:** 3D Black
- **Handle:** PQ 10, 40x20 mm, L-1400 mm, black

DETAILS

Sintered Quartz Concrete

It imitates the appearance of architectural concrete while retaining the properties of sintered quartz.

Doors with Ceramics Line panel open to the inside of the room. It is made of quartz sinter on the front, and made of aluminum on the inside.

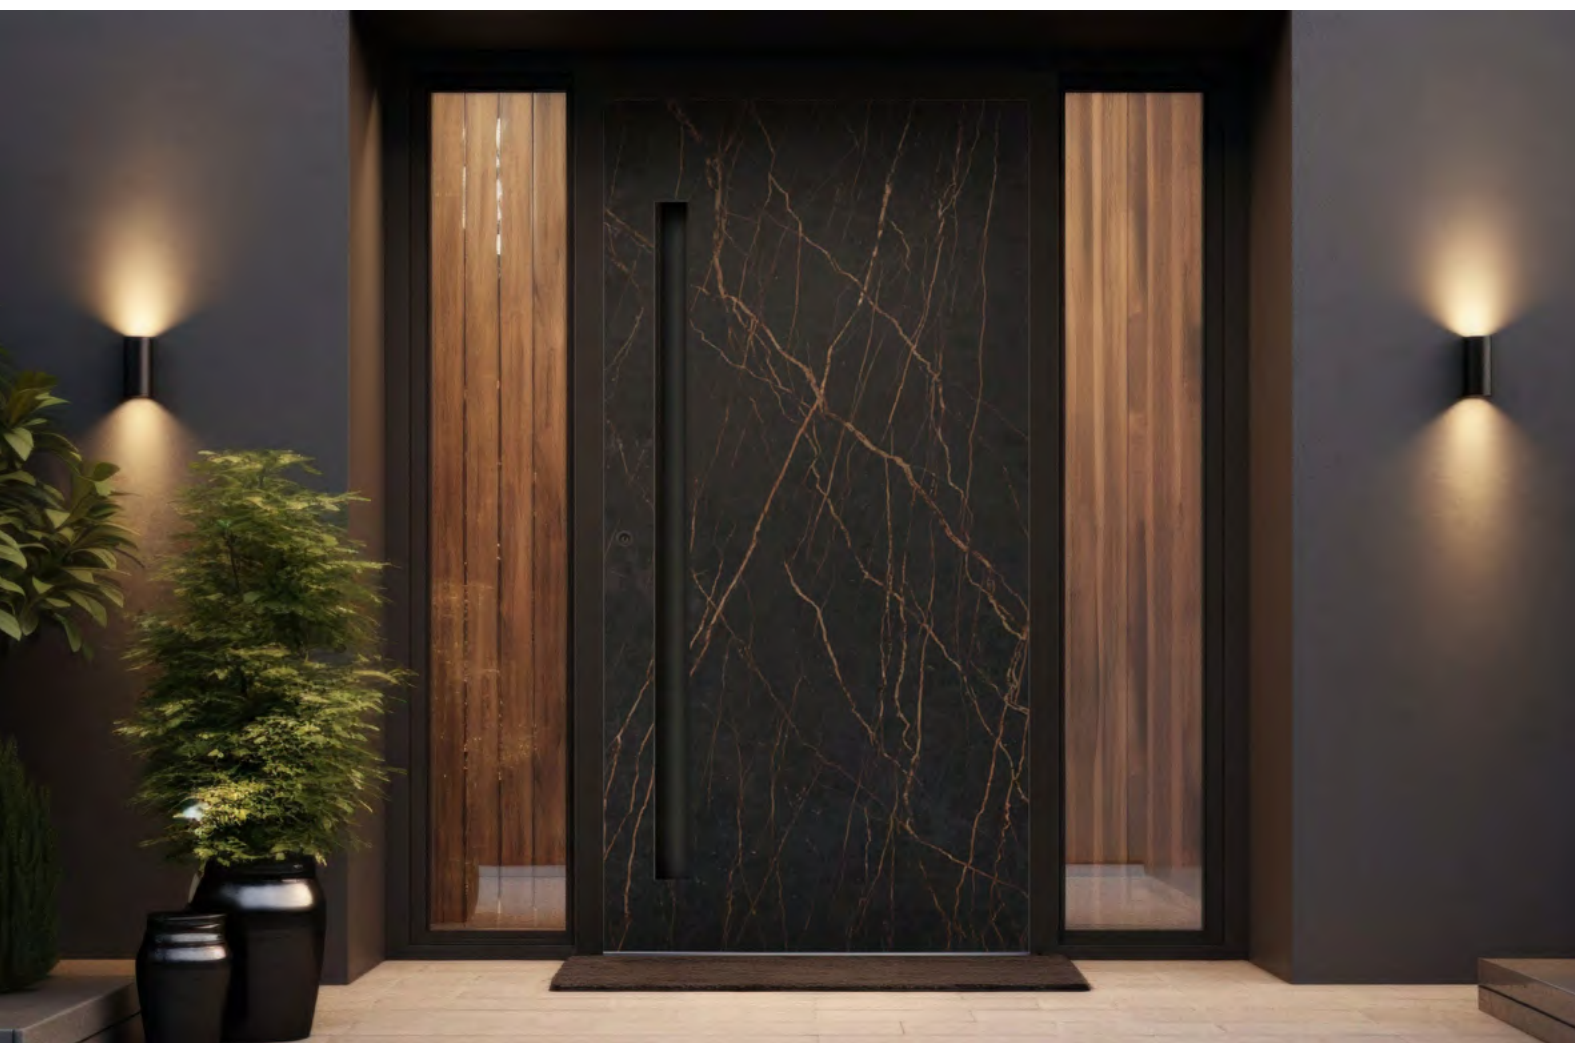

Sinter Laurent

MODEL SK 06

- **Material:** Quartz sinter
- **Colour:** Laurent
- **Handle:** PWZ, L-1600 mm, RAL 9005

NEW 2025

Ossido Bruno

MODEL SK 07

- **Material:** Quartz sinter
- **Colour:** Ossido Bruno
- **Applications:** 3D Black
- **Handle:** PS 10 CD, L-600mm, black

Matte sinter, in a deep and rich bronze colour that is inspired by the natural oxidation processes of iron and copper. It is the perfect combination of tradition and modernity, classic with a hint of industrial character.

NEW 2025

Ossido Nero

MODEL SK 08

- **Material:** Quartz sinter / RAL 9005
- **Colour:** Ossido Nero
- **Applications:** 3D Black
- **Handle:** PS 10 CD, L-600 mm, black

A deep matte sinter with rich shades from dark steel to intense black, inspired by the oxidation process of metal. Ossido Nero is the ideal choice for those who go for the classics, but in a slightly updated version.

NEW 2025

MODEL SK 09

- **Material:** Quartz sinter
- **Colour:** Corten
- **Applications:** 3D Black
- **Handle:** PWZ, L-1600 mm, RAL 9005

DETAILS

- Sintered Quartz Corten

A sintered surface inspired by the natural process of steel corrosion.

Natural Stone Line

Stone Line is a nod to the natural beauty and uniqueness of raw materials. The door panels in this collection are covered in natural stone and are distinguished by unique textures that give the designs a unique character. The Stone Line is the essence of nature transferred into modern design.

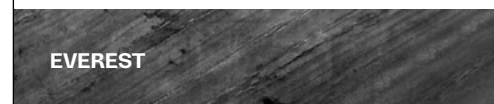

MODEL SL 01

- **Colour:** natural stone Makalu
- **Handle:** PQ 10, 40×20 mm, L-1600 mm, black

MODEL SL 04

- **Colour:** RAL 7016 / Natural stone Annapurna
- **Glazing:** Sand-etched as shown in design
- **Applications:** 3D black
- **Handle:** PQ 10, 40×20 mm, L-600 mm, stainless steel

- Doors from the Stone Line collection can be made in four available natural stone materials: Makalu, Annapurna, Everest and Nanga Parbat.

MODEL SL 05

- **Colour:** RAL 7016 / Natural stone Nanga Parbat
- **Applications:** 3D in colour RAL 9005,
- **Handle:** PQ 10, 40×20 mm, L-1600 mm, black

MODEL SL 07

- **Colour:** Natural stone EVEREST
- **Handle:** PWZ, L-1600 mm, RAL 9005

DETAILS

- Natural Nanga Parbat stone
- The presented colours and texture of stone veneer may vary slightly from the finished product, due to the diversity and uniqueness of the natural material.

MODEL SL 02

- **Colour:** RAL 7016 / natural stone AnnaPurna
- **Applications:** 3D in colour RAL 9005
- **Handle:** PQ 10, 40x20 mm, L-1600 mm, black

The presented colours and texture of stone veneer may vary slightly from the finished product, due to the diversity and uniqueness of the natural material.

MODEL SL 08

- **Colour:** Natural stone Nanga Parbat
- **Handle:** PW 20, black

The presented colours and texture of stone veneer may vary slightly from the finished product, due to the diversity and uniqueness of the natural material.

Natural Concrete Line

The Concrete Line is a combination of industrial style and modern minimalism. Each door panel in this collection is finished in architectural concrete, giving the doors a raw yet elegant feel. The Concrete Line is contemporary design in its purest form.

The presented colours and texture of architectural concrete may vary slightly from the finished product, due to the diversity and uniqueness of the natural material.

MODEL BE 01

- **Colour:** Architectural concrete
- **Handle:** PQ 10, 40x20 mm, L-1600 mm, stainless steel

MODEL BE 03

- **Colour:** Architectural concrete
- **Applications:** Black
- **Handle:** PQ 10, 40x20 mm, L-1600 mm, black

MODEL BE 04

- **Colour:** Architectural concrete
- **Handle:** PWZ, L-1600 mm, RAL 9005

Aluminium Lineo Line

The Lineo Line is a modern design highlighted by the elegance of the 3D fins. The aluminium profiles in this collection allow for colour personalisation, including a natural wood effect, making it an excellent choice. Innovative solutions and high-quality workmanship make the Lineo Line stand out in the door joinery market.

MODEL LL 01

- **Colour:** RAL 9005 / decoral Winchester
- **Applications:** Vertical 3D fins in decoral Winchester colour
- **Handle:** PQ 10, 40×20 mm, L-1600 mm, black

MODEL LL 02

- **Colour:** Woodec Malt veneer
- **Applications:** Vertical 3D fins in colour RAL 9005
- **Handle:** PQ 10, 40×20 mm, L-1600 mm, black

MODEL LL 02 WD

- **Colour:** RAL 7021
- **Applications:** Vertical 3D fins in decoral Winchester colour
- **Handle:** PQ 10, 40×20 mm, L-1600 mm, stainless steel

The fins can be made either with veneers, decoral or in any colour from the RAL palette.

**MODEL LL 03**

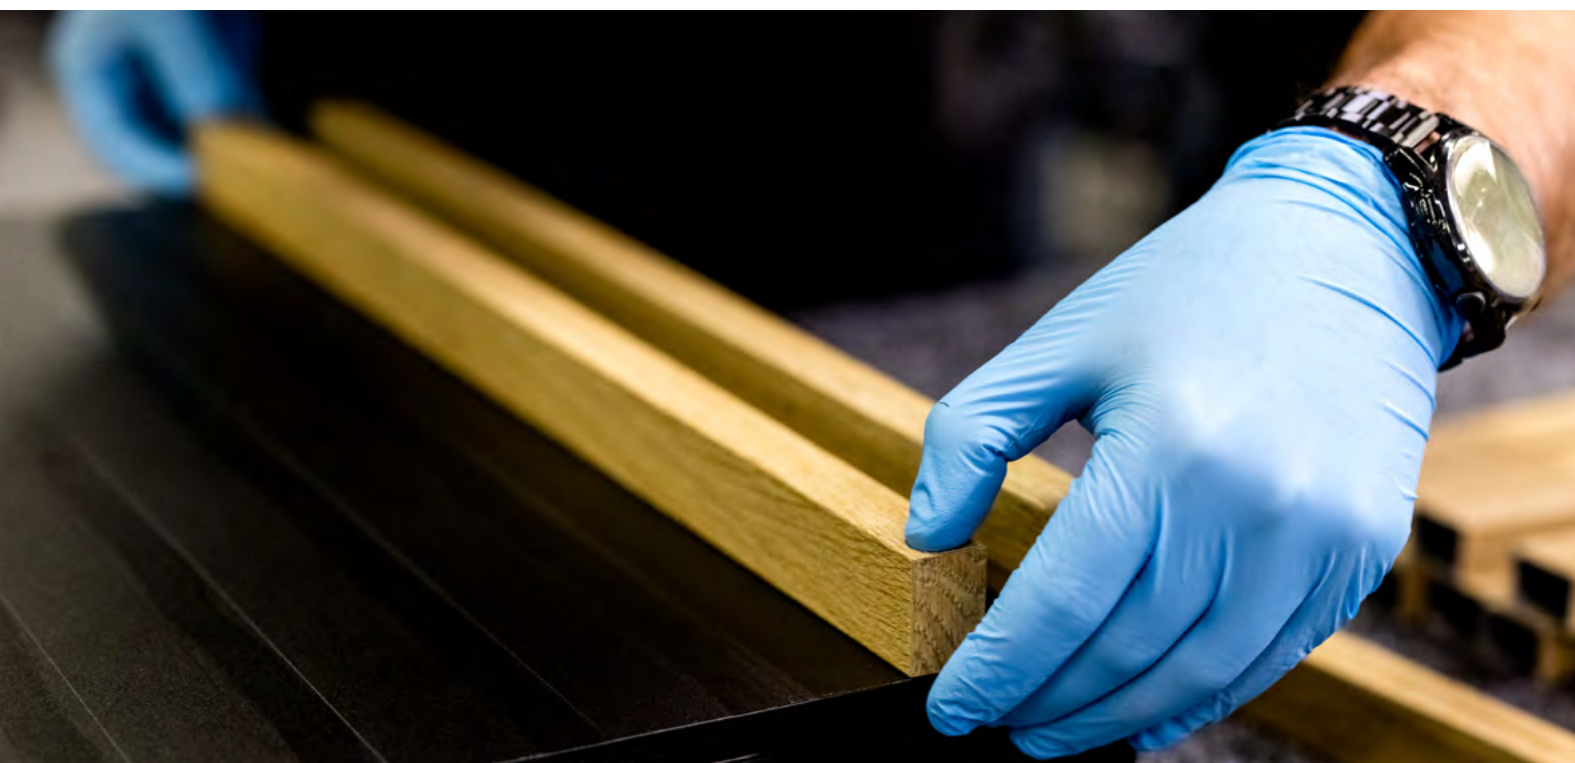

- **Colour:** Woodec Malt veneer
- **Applications:** Vertical 3D fins in colour RAL 9005
- **Handle:** PZV, L- matching the door panel heigh, czarny

**MODEL LL 03 WD**

- **Colour:** RAL 9005
- **Applications:** Vertical 3D fins in decoral Winchester colour
- **Handle:** PZV, L- matching the door panel heigh, czarny

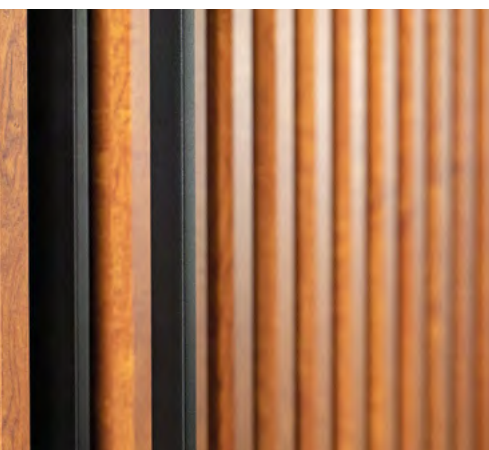

**MODEL LL 04**

- **Colour:** RAL 9005
- **Glazing:** Satinovo
- **Applications:** Black glass / Vertical 3D fins in decoral Winchester colour
- **Handle:** PQ 10, 40x20 mm, L-1200 mm, stainless steel

The fins can be made either with veneers, decoral or in any colour from the RAL palette.

DETAILS

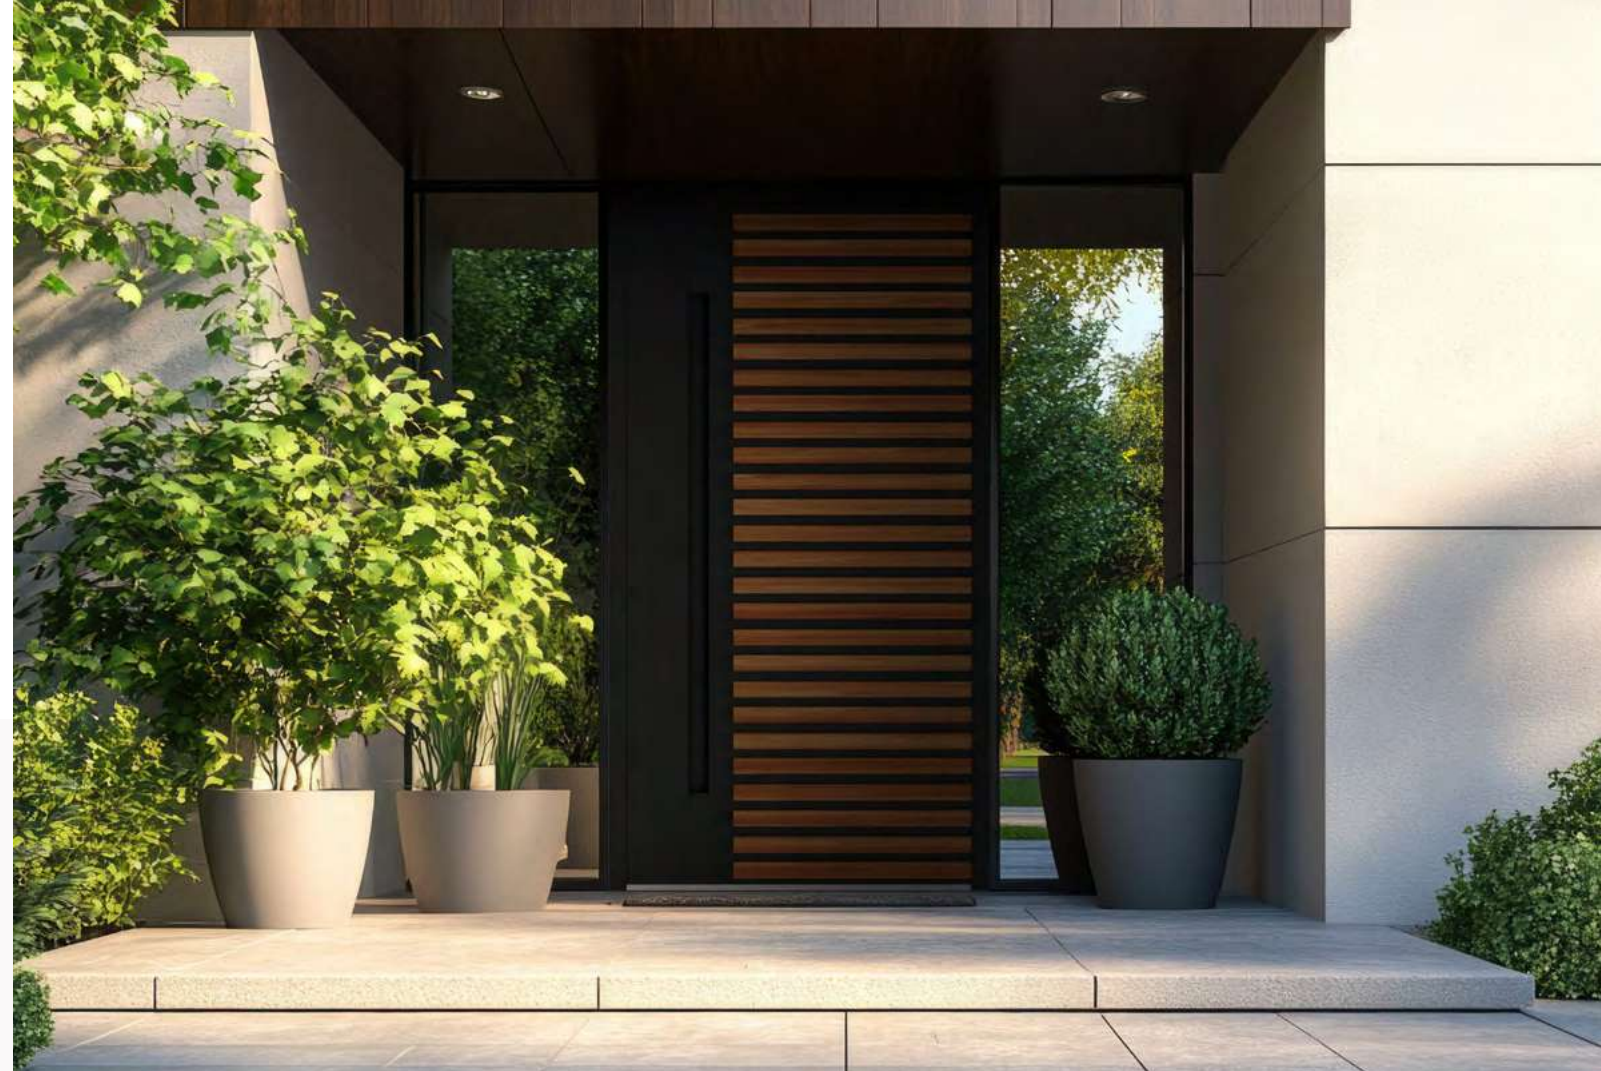

MODEL LL 05

- **Colour:** RAL 9005 / under the vertical 3D fins panel in Winchester décor colour
- **Applications:** Vertical 3D fins in decoral Winchester colour
- **Handle:** PQ 10, 40x20 mm, L-1400 mm, stainless steel

MODEL LL 06

- **Colour:** RAL 7016
- **Applications:** Vertical 3D fins in decoral Winchester colour
- **Handle:** PWZ, L-1600 mm, in the colour of the panel

DETAILS

NEW 2025

MODEL LL 07

- **Colour:** RAL 9007
- **Applications:** Vertical 3D fins with different cross-sections in RAL 9007 colour
- **Handle:** PQ 10, 40x20 mm, L-1600 mm, black

NEW 2025

MODEL LL 08

- **Colour:** RAL 7016
- **Applications:** Vertical 3D fins in RAL 7016 colour
- **Handle:** PS 10 CD, L-600 mm, black

DETAILS

NEW 2025

MODEL LL 09

- **Colour:** RAL 9005
- **Applications:** Horizontal 3D fins in decoral Winchester colour
- **Handle:** PWZ, L-1600 mm, in the colour of the panel

NEW 2025

MODEL LL 10

- **Colour:** RAL 9005
- **Glazing:** Satinovo
- **Applications:** Vertical 3D fins in decoral Winchester colour
- **Handle:** PQ 10, 40x20 mm, L-1600 mm, black

Aluminium Integro Line

The Integro Line is the quintessence of modern simplicity and functionality. The door panels in this collection are characterised by integrated, recessed handles that blend harmoniously with the door panel to create a consistent and minimalist aesthetic. The modern character of the door is ensured by the possibility of introducing LED illumination in the handles. The Integro Line is the perfect combination of modern simplicity and practical design.

MODEL 6115

- **Colour:** RAL 9007
- **Handle:** PWZ, L-1600 mm, in the colour of the panel

MODEL 6116

- **Colour:** RAL 9016
- **Glazing:** Satinovo
- **Handle:** PWZ, L-1600 mm, in the colour of the panel

MODEL 6117

- **Colour:** RAL 7016
- **Applications:** Routing
- **Handle:** PWZ, L-1600 mm, in the colour of the panel

DETAILS

The PWZ handle is recessed and integrated into the infill panel, painted in the infill panel colour, with the option for LED backlighting.

In the models with a PWZ handrail, the minimum panel thickness is 65 mm.

NEW 2025

MODEL 6138

- **Colour:** RAL 7016
- **Applications:** Routing, black
- **Handle:** PWZ, L-600 mm, in the colour of the panel

NEW 2025

MODEL 6134

- **Colour:** RAL 7016
- **Applications:** Routing
- **Handle:** PWZ, L-600 mm, in the colour of the panel

MODEL 6118 PW

- **Colour:** RAL 7004
- **Handle:** PW 23, L-1400 mm, stainless steel

MODEL 6124

- **Colour:** decoral® Winchester
- **Applications:** Black
- **Handle:** PWZ, L-800 mm, in the colour of the panel

MODEL 6121

- **Colour:** RAL 9006
- **Applications:** Montana veneer, flush with surface
- **Handle:** PWZ, L-1000 mm, in the colour of the panel

NEW 2025

MODEL 6137

- **Colour:** RAL 7016
- **Applications:** Black
- **Handle:** PWZ, L-1600 mm, in the colour of the panel

NEW 2025

MODEL 6133

- **Colour:** RAL 7016
- **Applications:** Routing
- **Handle:** PWZ, L-1600 mm, in the colour of the panel

Handle PWZ 2022 recessed and integrated into the infill panel, lacquered in the infill panel colour, with possibility of LED illumination.

MODEL 6125

- **Colour:** DB 703
- **Applications:** Routing
- **Handle:** PWZ 2022, L-700 mm, in the colour of the panel

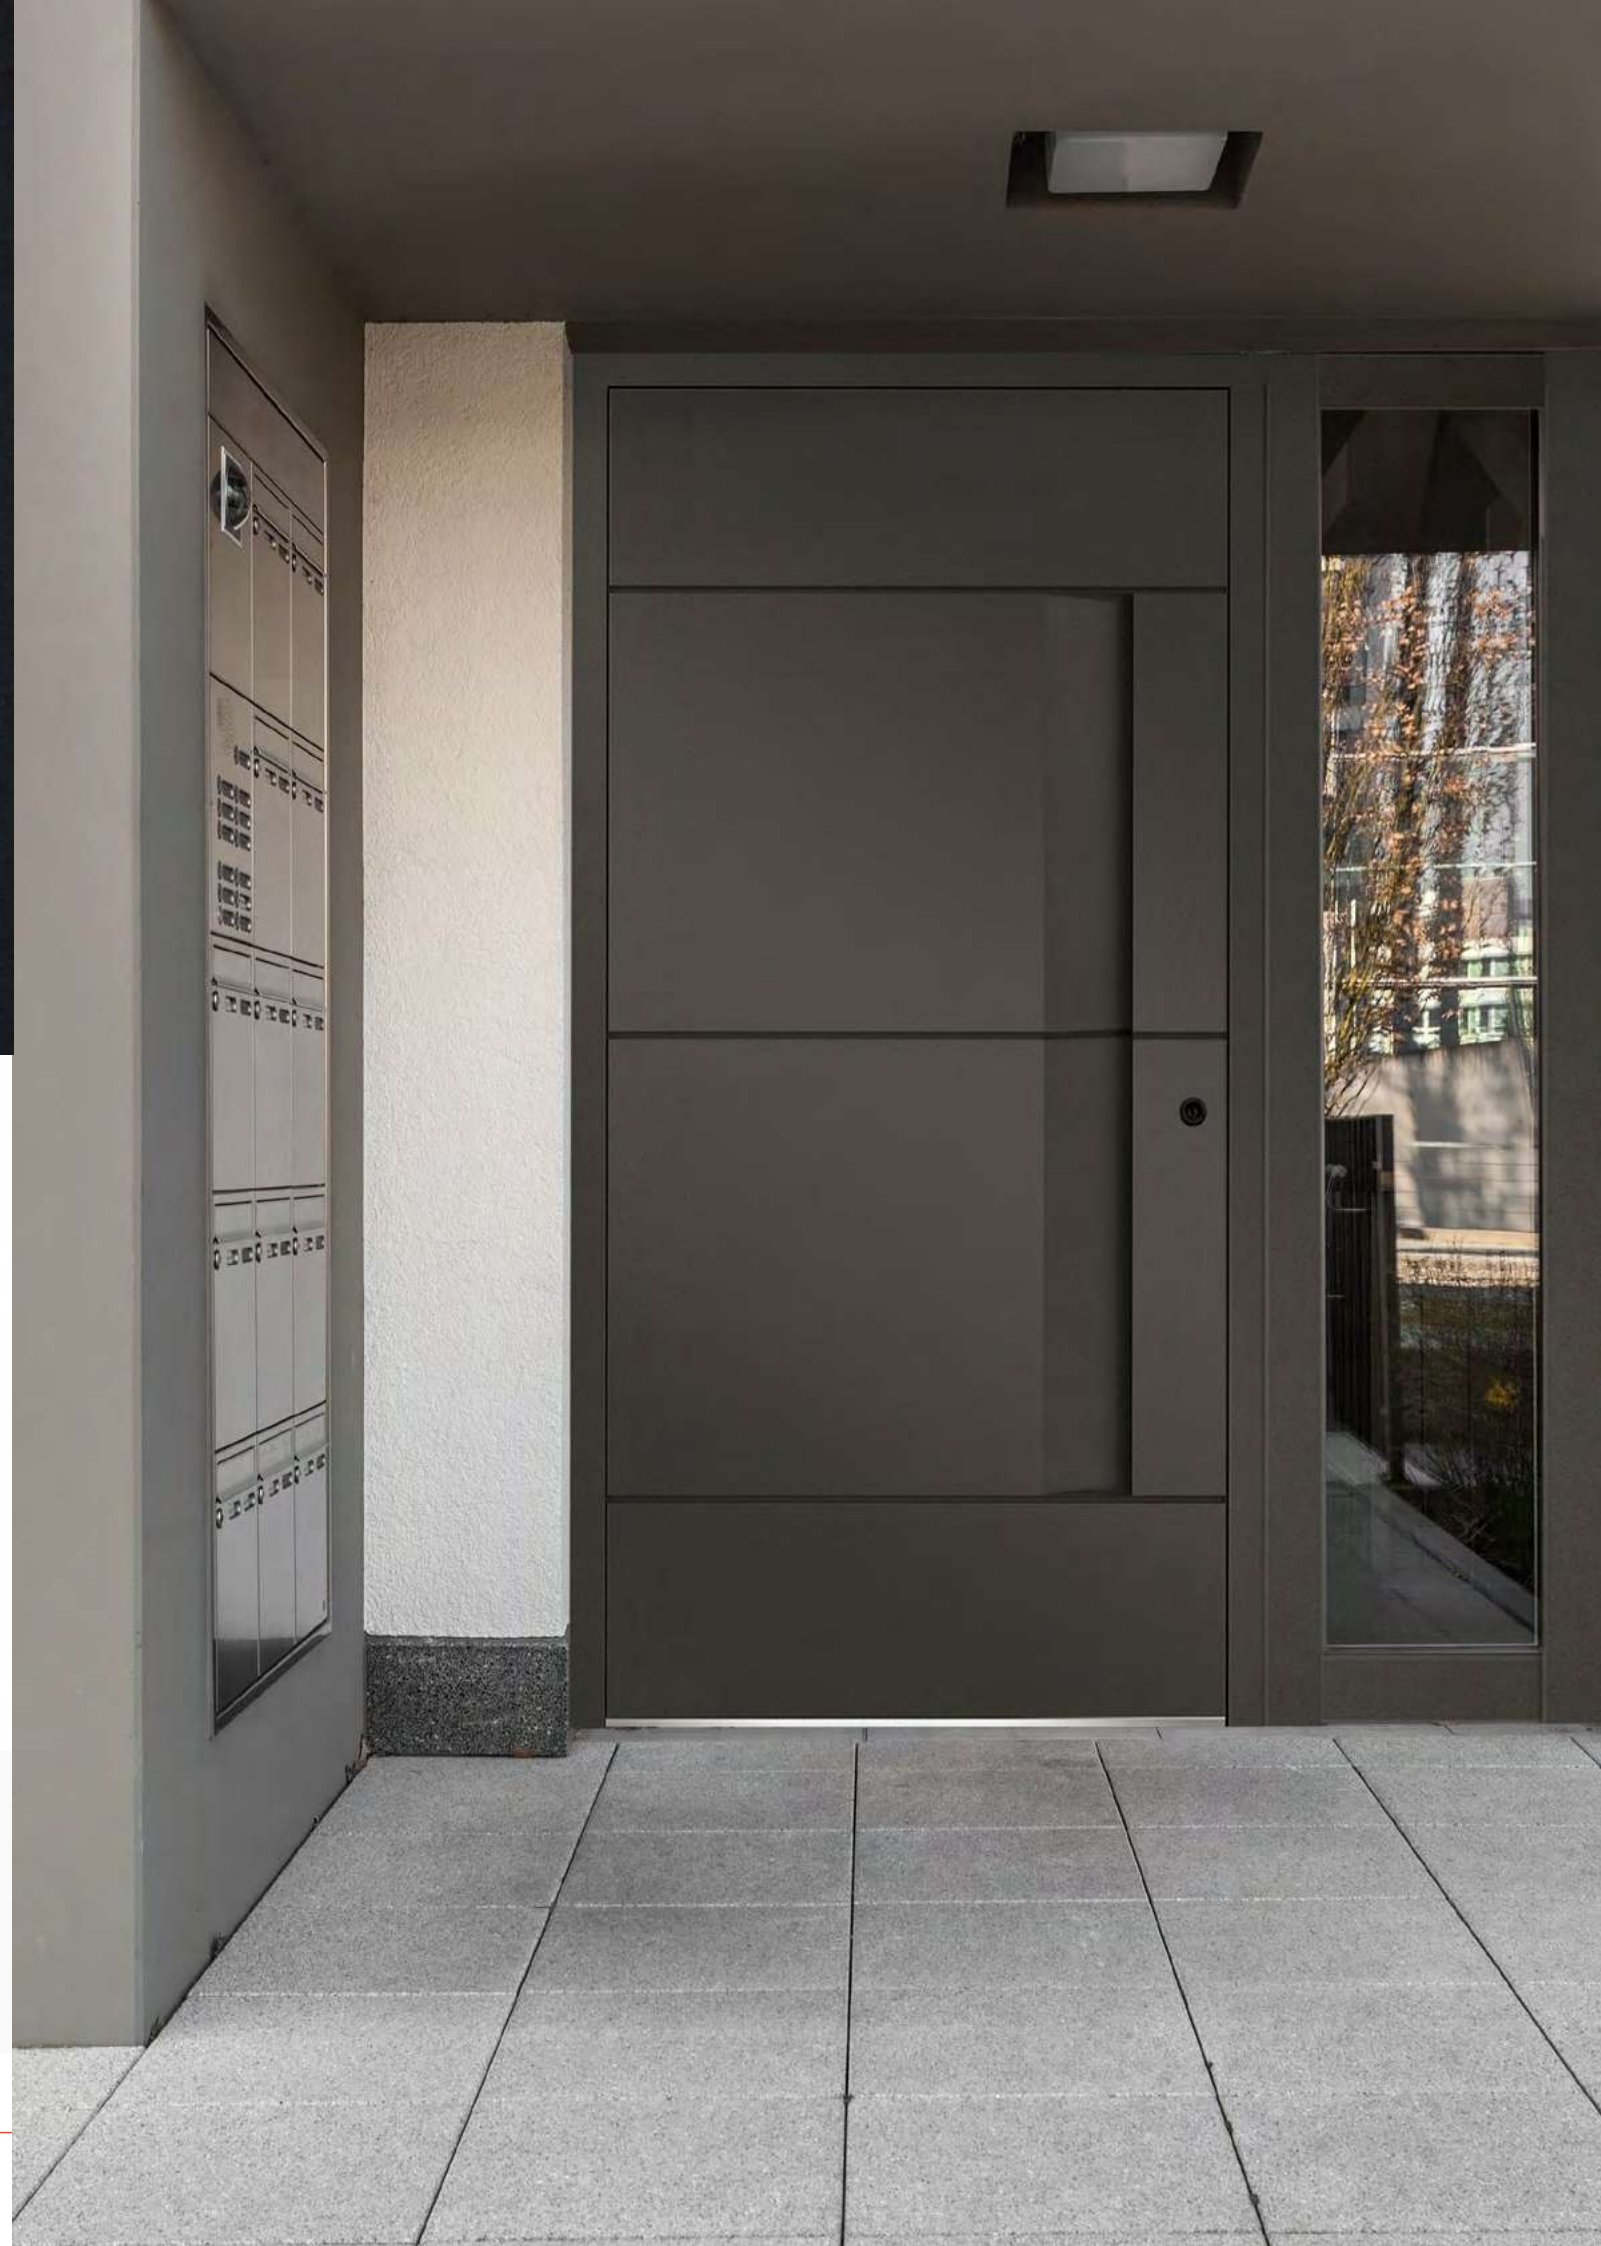

MODEL 6126

- **Colour:** RAL 7016
- **Applications:** Routing
- **Handle:** PWZ 2022, L-1300 mm, in the colour of the panel

MODEL 6127

- **Colour:** RAL 7016
- **Applications:** Routing
- **Handle:** PWZ 2022, L-1600 mm, in the colour of the panel

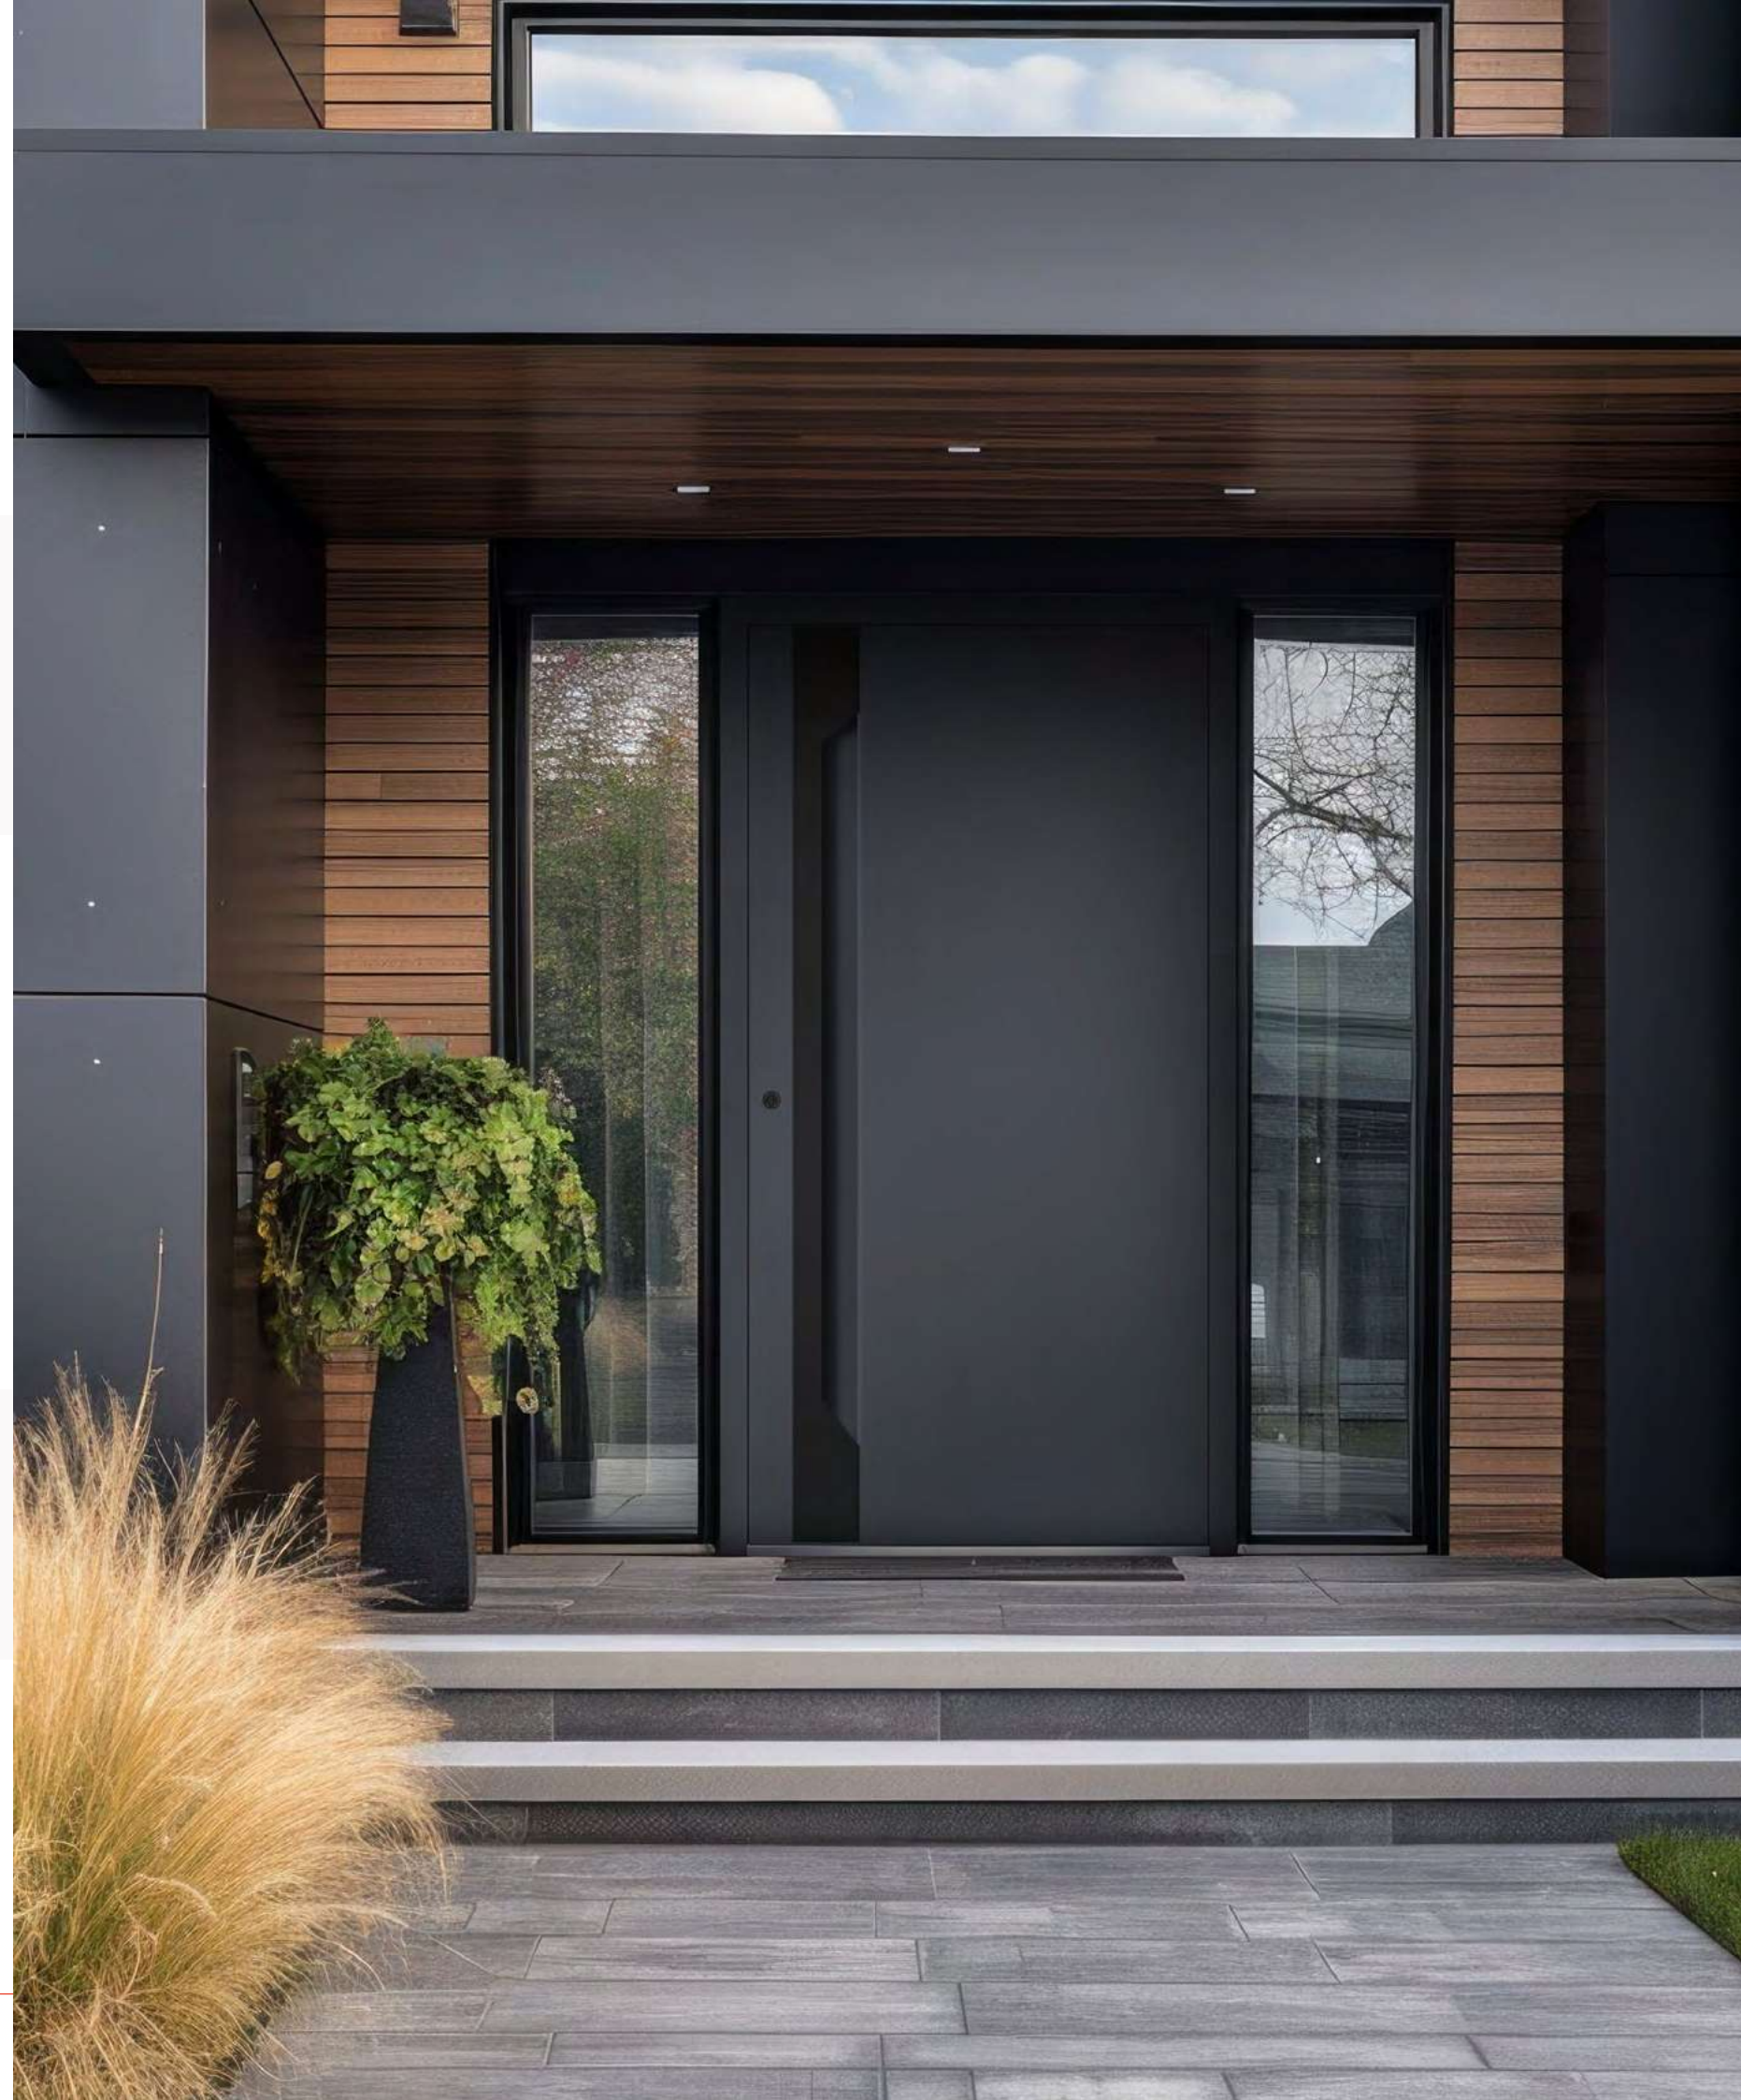

MODEL 6119

- **Colour:** RAL 7016
- **Applications:** RAL 9005, flush with surface
- **Handle:** PWZ, L-1600 mm, in the colour of the panel

MODEL 6120

- **Colour:** RAL 9016
- **Applications:** RAL 9005, flush with surface
- **Handle:** PWZ, L-1000 mm, in the colour of the panel

NEW 2025

MODEL 6135

- Colour: RAL 6011
- Applications: Black routing
- Handle: PWZ, L-200 mm, RAL 9005

NEW 2025

MODEL 6136

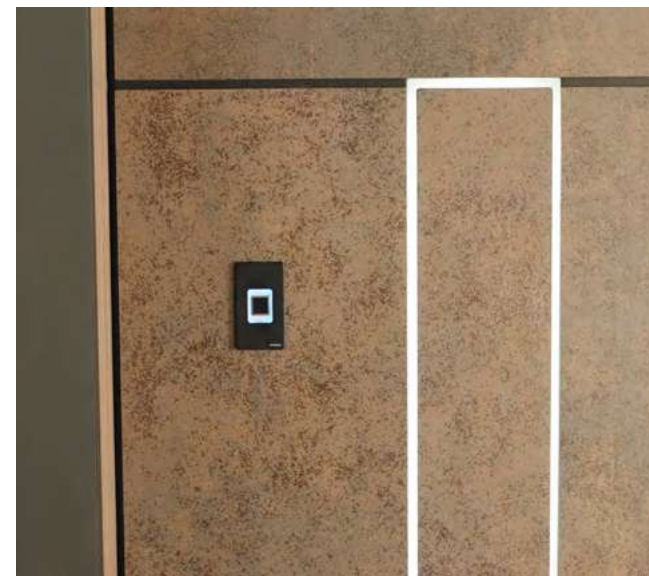

- Colour: RAL 6011
- Applications: Black routing
- Handle: PWZ, L-1200 mm, RAL 9005

Aluminium Integro Smart

„The Integro Smart Line is an absolute novelty in Dindecor's offer. Smart handle is modernity in its purest form. It is an innovative combination of technology and elegance, created for those who value functionality without compromise”

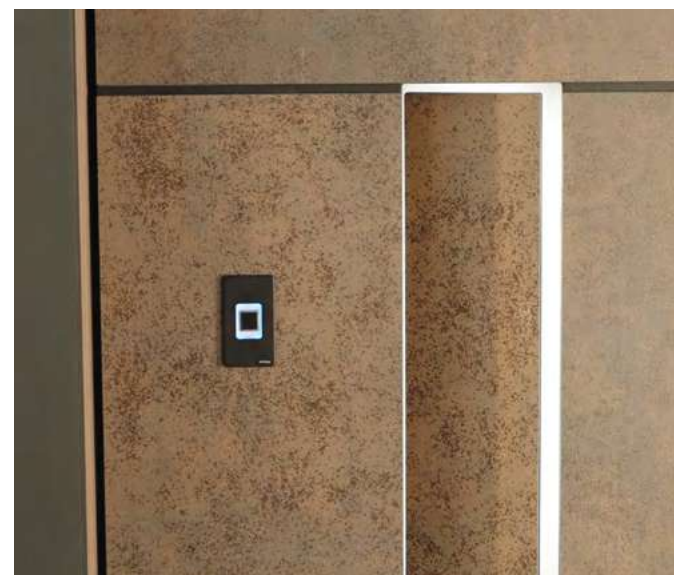

STEP 1

STEP 2

STEP 3

STEP 4

State-of-the-art smart hilt that automatically opens and closes the door, offering the perfect combination of functionality and modern design thanks to its full flush panel.

DETAILS

- Possibility to make the Integro Smart handle from the same material as the door panel. Handle integrated with LED lighting.

▪ **Discover Integro Smart solutions**

NEW 2025

MODEL IS 02

- **Colour:** RAL 7021
- **Applications:** Routing
- **Handle:** Integro Smart, L-1255 mm, RAL 7021

NEW 2025

MODEL IS 03

- **Colour:** RAL 7016
- **Handle:** Integro Smart, L-1655 mm, RAL 7016

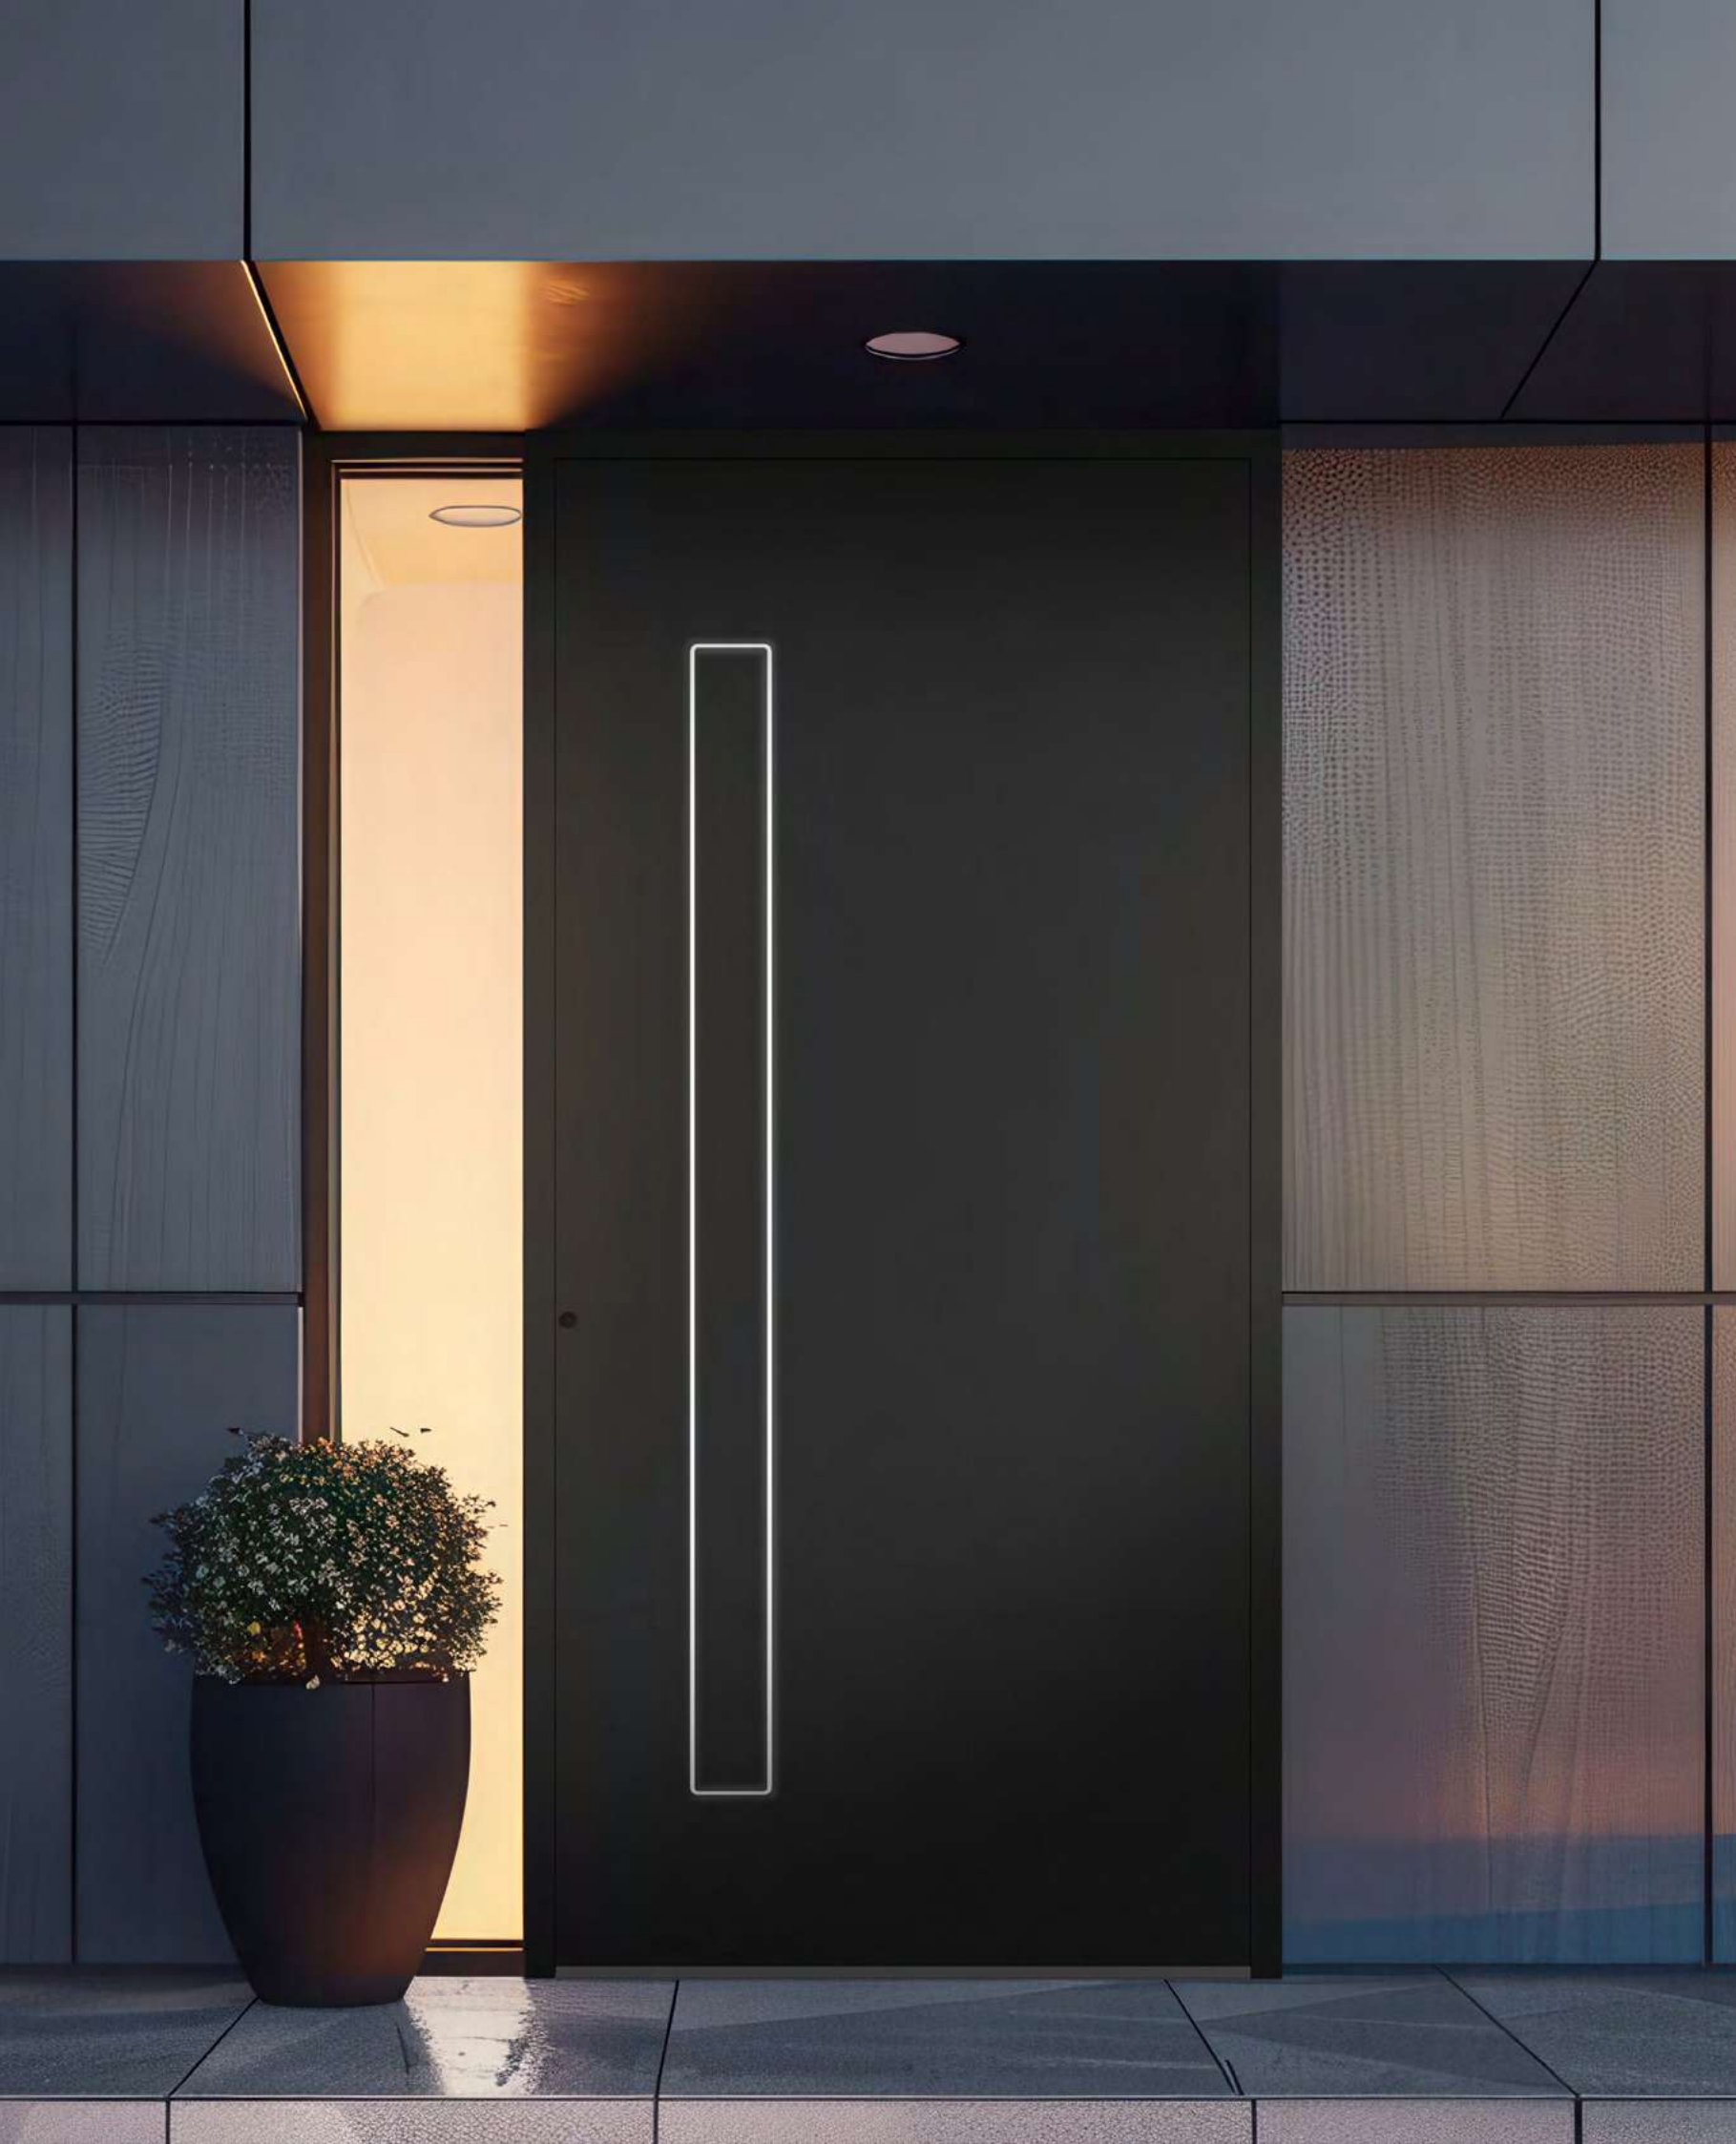

NEW 2025

MODEL IS 01

- **Colour:** Woodec Malt veneer
- **Applications:** Routing in colour RAL 9005
- **Handle:** Integro Smart, L-855 mm, Woodec Malt veneer

A perfect combination of tradition and modernity. The classic, wood-like colour and the innovative Integro Smart handle create the perfect harmony between elegance and the technology of tomorrow.

Integro Smart

The Integro Smart Line is a combination of unique design and innovative technological solution. It is the quintessence of functionality, automation and aesthetics. A solution for lovers of technological innovations, combining elegance with advanced functionality. Minimalist design and integration with the door panel ensure not only aesthetics, but security.

Aluminium Glass Line

The Glass Line is synonymous with sophisticated style and modern elegance. Each door panel in this collection is decorated with black glass applications, which create an extremely striking finish. The Glass Line is the perfect combination of aesthetics and functionality, perfectly in line with contemporary architectural trends.

MODEL GL 01

- **Colour:** RAL 9016
- **Glazing:** Satinovo
- **Applications:** Black glass
- **Handle:** PQ 10, 40x20 mm, L-1600 mm, black

MODEL GL 02

- **Colour:** RAL 7016
- **Glazing:** Sand-etched as shown in design
- **Applications:** Black glass, routing
- **Handle:** PS 10, L-1600 mm, stainless steel

MODEL GL 03

- **Colour:** RAL 9016
- **Glazing:** Satinovo
- **Applications:** Black glass, 3D stainless steel
- **Handle:** PS 10, L-1600 mm, stainless steel

**MODEL GL 04**

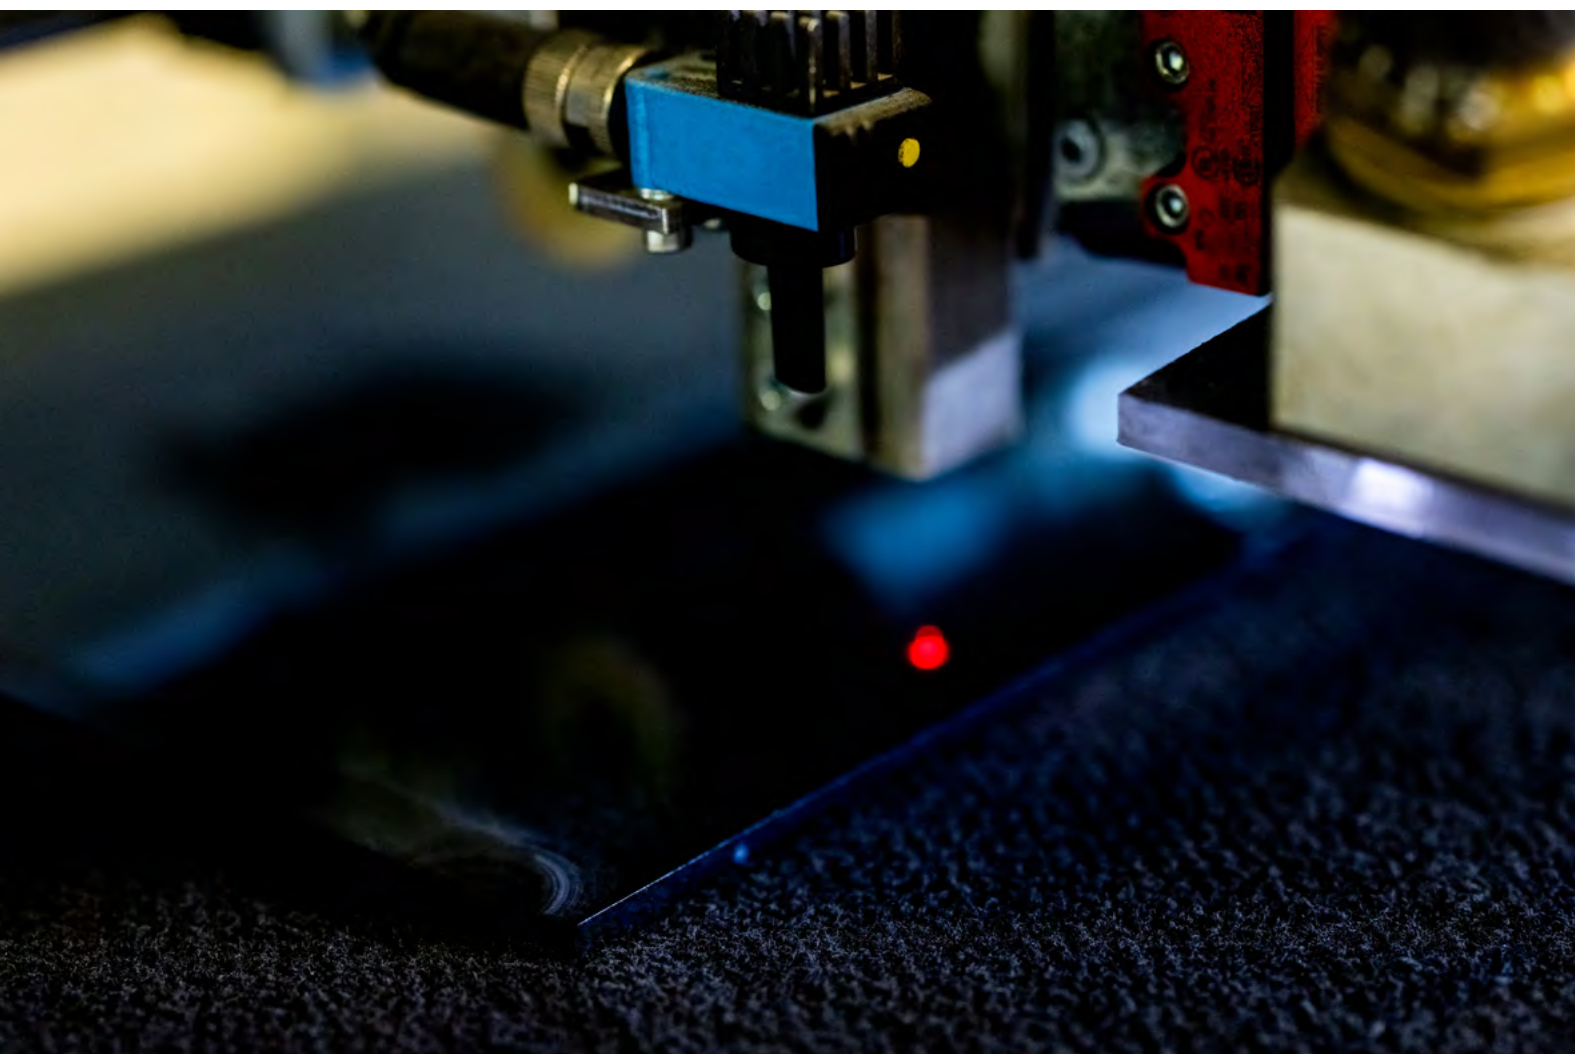

- **Colour:** RAL 7001
- **Applications:** Black glass, Routing
- **Handle:** PS 10, L-1200 mm, stainless steel

**MODEL GL 06**

- **Colour:** Montana veneer
- **Glazing:** Sand-etched as shown in design
- **Applications:** Black glass
- **Handle:** PQ 10, 40x20 mm, L-1200 mm, stainless steel

**MODEL GL 07**

- **Colour:** RAL 7016
- **Applications:** Black glass, 3D stainless steel
- **Handle:** PQ 10, 40x20 mm, L-1400 mm, stainless steel

**MODEL GL 08**

- **Colour:** Black glass
- **Handle:** PS 10 CD, L-1600 mm, stainless steel

**MODEL GL 09**

- **Colour:** RAL 7016
- **Applications:** Black, black glass
- **Handle:** PWZ, L-1600 mm, RAL 9005

- **Colour:** Woodec Malt veneer
- **Applications:** Black
- **Handle:** PW 10, black

MODEL 5015 Black

- **Colour:** Woodec Malt veneer
- **Handle:** PZL, L- matching the door panel heigh, black

MODEL 6002 Black

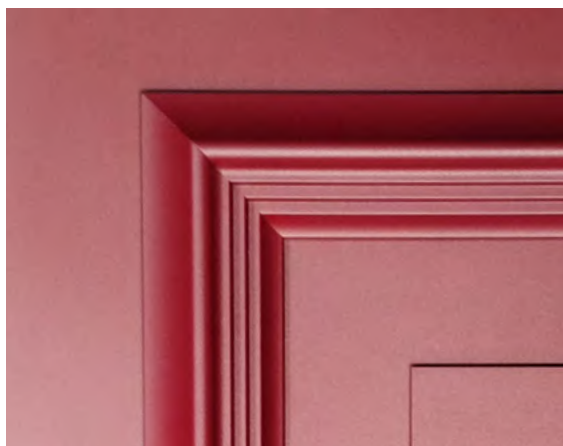

- **Colour:** Woodec Malt veneer
- **Glazing:** Satinovo
- **Applications:** Black
- **Handle:** PQ 10, 40×20 mm, L-1200 mm, black

Antica

The Antica frame combines a cascade profile with a convex stepped profile. Such a design exudes subtle luxury, giving the space an elegant and timeless feel. It blends perfectly on traditional facades, especially in classical and neo-classical architecture. The minimum panel thickness for a single-sided frame is 48 mm, and for double-sided frames 70 mm.

Harmony

The Harmony frame is a combination of a cascade profile with a sheet metal accent. This combination gives the panels a modern but also refined look. The frame will be ideal for projects that focus on eclecticism and the fusion of styles of past eras with what is fashionable today. The minimum panel thickness for a single-sided frame is 48 mm, and for double-sided frames 70 mm.

Art-Deco

The Art-Deco frame is a simple yet highly expressive option, based on a cascade profile. Its minimalist design, which emphasises geometric forms, makes it a perfect fit with the art deco style, complementing modernist architecture. The minimum panel thickness for a single-sided frame is 48 mm, and for double-sided frames 70 mm.

Majestic

The Majestic frame combines a rounded profile with a convex frame. The impression of majesty is accentuated by the elegant, sophisticated shape, which blends well with the palace style, including contemporary styles such as luxurious classic-style residences. It is the perfect choice for those who appreciate the classics in a more monumental way. The minimum panel thickness for a single-sided frame is 48 mm, and for double-sided frames 70 mm.

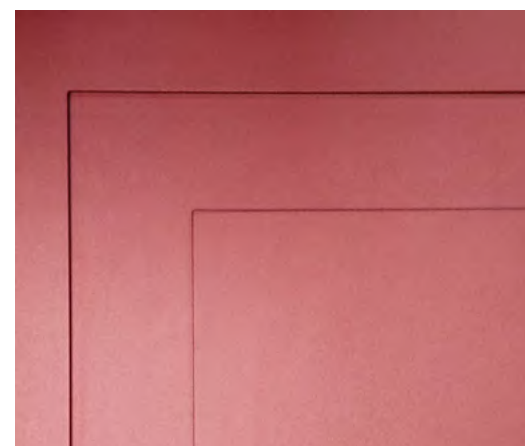

Empire

The Empire frame combines a curved profile with a sheet metal accent. This type of frame is a combination of simplicity and subtle elegance that goes well with Empire-style spaces with a touch of modernity. Ideal for monumental interiors, but those of a less ornate nature. The minimum panel thickness for a single-sided frame is 48 mm, and for double-sided frames 70 mm.

Classic

The Classic frame is the choice for those looking for harmony between classic and simplicity. Its design fits perfectly with traditional designs. It adds subtlety and style, while emphasising a love of architecture with a timeless character.

Modern

The Modern frame is distinguished by its simple, minimalist shape. Its subtle design blends well with spaces that value functionality, without sacrificing a note of classic elegance.

Aluminium Retro Line

The Retro Line is a tribute to classic elegance and timeless design. Each door panel in this collection is decorated with intricate aluminium frames that evoke traditional chic. The Retro Line is a classic with a modern twist.

INFILL PANEL

Our products can be used in all commercially available aluminum and PVC profiles.

STANDARD INSERT PANEL

These panels are mounted in the door frame in the same way as typical doors. The profile of the door is visible both from the inside and the outside. This is the simplest and easiest to install type of door infill, offered in thicknesses of 24 and 36 mm as standard.

SINGLE-SIDED ATTTTACHMENT PANEL

These panels are made from aluminium skin layers. On the outward facing layer, a 3 mm-thick aluminium sheet is attached to the door frame, making it invisible, while on the inward-facing side, beading is applied. This construction gives doors an elegant and cohesive look.

DOUBLE-SIDED ATTTTACHMENT PANEL

These panels provide the highest heat insulation parameters. Aluminium sheets cover the doors from both sides, ensuring elegance and refined aesthetics. The total thickness of the infill is greatest in this type of construction and is adapted to the particular type of door profile.
